Workshop - Item #4
FY2022 Budget Development

#### Clearwater Underground Water Conservation District

#### STAFF REPORT

Board Meeting July 14, 2021 Workshop Item: #4 FY22 Budget Development

#### Workshop Item #4:

Review items of interest concerning the FY2022 budget development process.

The current budget is \$795,203.00 and the adjusted 2020 total tax levy (*see July 12<sup>th</sup> attached tax calculations, page 2*) is \$741,142.00. The fund balance at the close of FY21 is estimated to be \$890,175.00 (which includes an anticipated return to fund balance of \$60,000.00). This is only an estimate and very preliminary.

The anticipated draft budget being proposed by staff shows the District cannot maintain current services and increase fund balance with the calculated NO-NEW-REVENUE tax rate of \$.00310/\$100 value while addressing studies and staff salary enhancements. Anticipated preliminary revenue from taxes would be an estimated \$752,654.00. This is not based on preliminary property values per the attached "2021 Preliminary Taxable Values" from the Tax Appraisal District of Bell County (July 8, 2021) at \$24,786,549,425.00 after exemptions but on a more adjusted rate at \$24,279,160,084.00 (2021 tax calculation worksheet for no new review, attached line 25 page 4 of 12).

This combined with approximately \$62,500.00 revenue from delinquent taxes, application fees, transport fees and interest (TexPool and TexPool Prime accounts) would show a starting point of \$815,154.00.

The <u>very preliminary budget</u> being proposed will be based on current costs of administration, current salaries and benefits, operating expenses, proposed research, proposed feasibility studies and facility costs.

## Clearwater Underground Water Conservation District

## STAFF REPORT

Agenda Item No. 9 Exception to Spacing Requirements

## Board Meeting July 14, 2021

## Agenda Item:

Discuss, consider and take appropriate action if necessary to approve an exception to setback requirement per district rule 9.5.5(a)(e) for Magnolia First Baptist Church.

## Narrative:

The applicant is requesting an exception to the District's requirement that wells observe a minimum setback of 50' from all property lines. A setback reduction of approximately 20 feet from the south property line placing the well adjacent to the tract owned by Rozella Moon to the south. (see attached map).

The applicant will provide the required waiver from the adjacent property owner signed by Rozella Moon.

The existing well (E-21-008GU) is located approximately 20 feet from the south property line (see map with the existing location). The well will observe the required setback from the eastern and northern property lines.

The well satisfies all requirements for an exempt grandfathered well classification; therefore, no permit is required. This well will be more than 100 feet from any other existing wells on adjacent properties.

The approved waiver will be attached to the well's file and will be properly recorded at the County Clerk's office.

## **Staff Recommendation:**

GM recommends approval of this request and notes all requirements per district rule 9.5.5(a)(e) will be met and submitted.

Clearwater UWCD (CUWCD) PO Box 1989 700 Kennedy Court Belton, TX 76513

RE: Request for an Exception to Spacing Requirement Rule 9.5.5 (a)(e)

Dear Mr. Aaron,

Magnolia First Baptist Church is formally requesting a property line setback waiver on an existing exempt well drilled on our property prior to the original purchase date, which was completed to the Edwards BFZ aquifer. The well is located on Bell CAD Property ID: 130437 (2027 Connell Street, Belton, TX 76513); Latitude 31.038871° / Longitude -97.476612°.

The well is currently not in use. However, we potentially would like to pursue an N2 permit for irrigation purposes. The existing well was drilled in approximately 1950. Site inspection by CUWCD staff shows the existing well does not meet the required setbacks to the property lines and is approximately 20 feet off the south property line.

CUWCD District rules currently require the well to be 50 feet from the property line and to comply, we wish to secure a waiver of the spacing requirement per Rule 9.5.5(e) which states:

e) If the applicant presents waivers signed by all landowners and well owners whose property or wells would be located within the applicable minimum distance established under these Rules from the proposed well site stating that they have no objection to the proposed location of the well site, the Board, upon the General Manager's recommendation, may waive certain spacing requirements for the proposed well location.

Attached is a signed waiver by Rozella Moon, owner of Bell CAD Property ID: 15767 addressed at 2081 Connell Street, Belton, TX 76513.

We are presenting this letter to you, the District GM and hope our request goes before the Board on July 14, 2021. I thank you very much for your attention to this matter. If you have any questions, please call.

Sincerely,

David L. Norman`
